This striking, garage-under plan is designed to make the most out of narrow, uphill view lots. The muscular stone-clad deck supports and energetic arbor trellis make a memorable statement of solidity and craftsmanship on approach. Careful planning oriented the informal living spaces, den, decks and luxury master suite towards downslope views, while the formal spaces, secondary bedrooms and bonus room are located on the uphill side. The oversize three-car garage includes ample room for a shop or extra storage.
