 Height: 30'-6"
 Foundation: Crawl Space

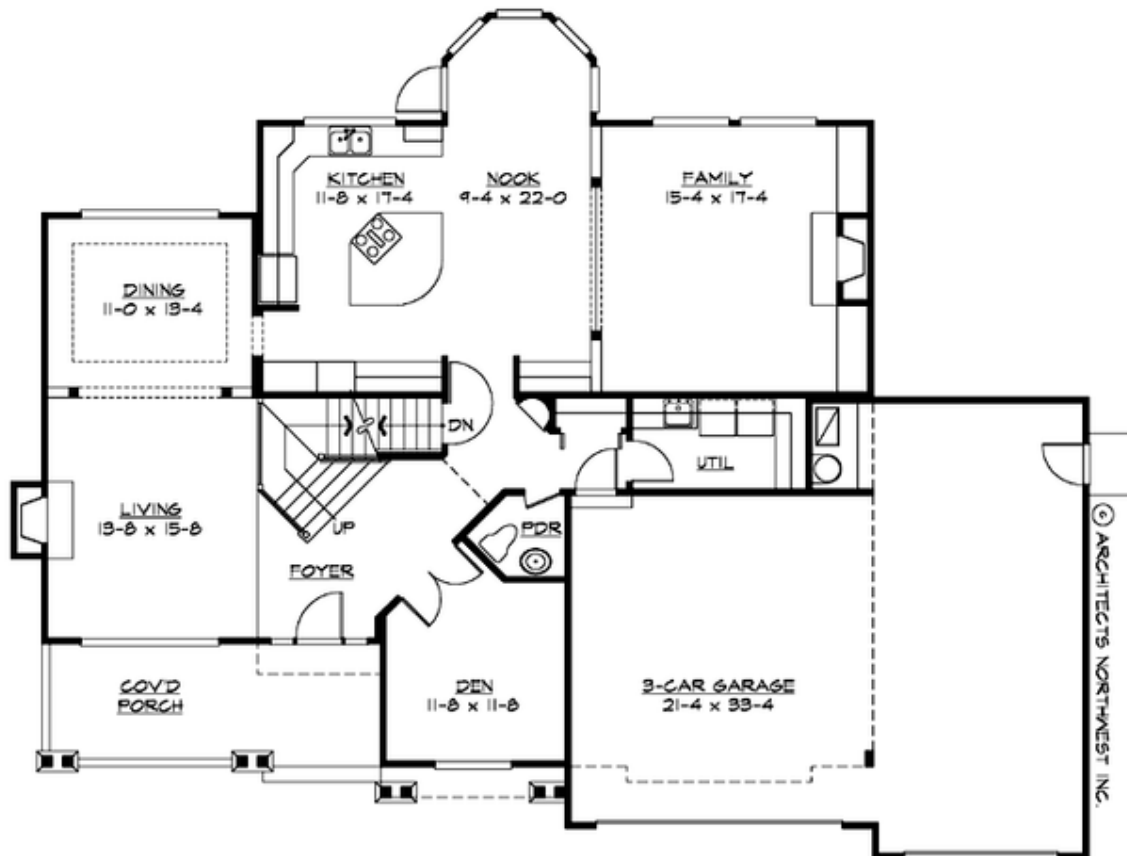

Appealing Arches Accent Elegant Craftsman Details.

Terrific curb appeal combined with a family-friendly floor plan make the Trillium Lane one of the designer's most popular plans. The graceful arched gables and traditional craftsman trim details create a delightful composition. The dramatic double-height foyer beautifully displays the unique angled stair, while efficient circulation allows for generously sized rooms, including the oversize island kitchen, nook and family room. The grand master suite offers an octagonal sitting area, large walk-in closet, and a spacious master bath. A guest bedroom with ensuite bath and two additional bedrooms with a jack-and-jill bath complete the upper floor.
