Popular Shingled Craftsman Great for Narrow Lots

Welcoming the challenge of creating impactful curb appeal and an open-living floor plan to fit a compact footprint, the Woodland delivers on all counts. This popular plan offers a dynamic gabled exterior accented with brackets and stone. A dramatic foyer and luxurious curved stair lead to an oversize great room, nook and kitchen, complemented by a huge covered rear porch with fireplace. A formal dining room with walk-in pantry and butlery plus a work-at-home den complete the main floor. A luxury master suite with covered deck, two bedrooms with a Jack-and-Jill bath, a bonus room, loft-study and laundry comprise the upper floor. The Woodland packs a lot of features into a very appealing package.
